SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, March 4th, there being present P. H. McEvoy, presiding, D. E. Blackburn, Wm. H. Brown, Jas. T. Casey and Joseph M. Francis.

Public Administrator Plymire reported the disposition of personal effects of certain deceased persons.

Motorcycle Officer Lowans of the First township reported as follows from February 19th to March 3d: Five arrests, 3 convictions, 2 cases pending; fines, $45.

Motorcycle Officer Martenstein of the Third township reported as follows from February 5th to March 3d: Six arrests, 6 convictions; fines, $85.

The following applications for liquor licenses, presented at the first meeting in February, were granted:

First township—E. Schneller, Rockaway; Martin Anderson, Visitacion; M. Lamm, San Bruno; Jas. Cawley, Salada.

Fifth township—E. J. Montevaldo, San Gregorio; J. C. Amarel, Pescadero.

The following applications for liquor licenses were given first reading and will be acted upon a month hence:

First township— James Murray, Colma; Cornelius McAuliffe, Colma; J. M. Custodio, San Bruno; John Mori, Rockaway; F. P. Brass, Colma.

Second township—C. P. Hawke, Belmont.

Third township—A. V. Kieffer, La Honda; Walter Wulich, Portola; H. E. Hallett, Portola.

Fourth township—John Franucchi, Miramar.

On motion of Casey, seconded by McEvoy, the application of Charles Birrel of San Bruno for a liquor license was laid over until the next meeting, it being represented that a protest which it was intended to present against Hirrel's application had been mislaid by the committee of San Bruno residents that was present to oppose the granting of a license to him.

An application was received from Mrs. Lizzie Gunetti of Redwood City for support.

The chairman stated that the applicant, who had recently been deserted by her husband was the mother of an infant and unable to earn her livelihood.

On motion of Francis, seconded by Casey, Mrs. Gunetti was granted $8 per month.

A resolution was received from the San Mateo Board of Trade protesting against the selling of an electric franchise to the Great Western Power Company according to their application.

Hall C. Ross appeared in support of the resolution and stated that he and D. P. Fullerton and Charles N. Kirkbride had been appointed by the Board of Trade to appear in support of the resolution.

At the suggestion of the District Attorney a resolution was adopted ordering all proceedings for sale of the franchise discontinued

The clerk was instructed to notify the representative of the power company to appear at the next meeting.

A communication was received from the West End Improvement Club of San Francisco complaining about the presence of an offensive hog ranch in San Mateo county near the county line.

The communication was referred to the district attorney who stated that the hog question in the First township was in process of satisfactory settlement.

A communication was received from the Huntington Park Improvement Association complaining that the lights in the San Bruno lighting district had not been placed according to the map.

The communication was accepted and referred to Casey who thought that the residents in the district would be suited if a few more lights were installed.

James Downey, who had been appointed at the last meeting to inspect the Colma and San Bruno lighting districts, rendered a detailed report of his investigations. He reported that there were 150 lights in the San Bruno district, and 250 in the Colma district.

The petition presented at a previous meeting by the superintendents of the different cemeteries in the First township, asking that the sale of flowers at the entrances to the cemeteries be regulated was taken up.

Judge Fitzpatrick appeared on behalf of the petitioners and stated that it was not the desire to stop the traffic but to so regulate it as to protect the patrons of the burial places from annoyance.

Mr. Ferrari spoke in favor of the flower venders. He had no objections to reasonable regulations. His clients sold only to the poorer classes. After some further discussion the members concluded that the law provided a remedy for the cemetery people if they needed one and the petition was rejected on motion of Casey, seconded by Brown.

Surveyor Neuman rendered a report of the work done by him in surveying the county roads as follows:

Colma to Halfmoon Bay—Survey completed; total mileage, 28.50 miles with grade of 5 per cent, excepting 6 per cent grade over San Pedro mountain and a short stretch of 7 per cent on Colma road which was left for the purpose of using two existing bridges, and which can easily be eliminated if it is decided not to use the two bridges. Cost of survey $1200.45, making average of $42.10 per mile. Profiles, plans, cross-sections and quantities completed for 17 miles.

Halfmoon Bay to Pescadero—Surveys, estimates, etc., completed for eight miles at a cost of $267.25 or $33.40 per mile.

Halfmoon Bay to San Mateo—Survey of present road completed from Halfmoon Bay to Byrnes' store and five or six grade lines run from summit down west slope of mountain in attempt to locate more satisfactory grade, and am at present running line with view toward estimating cost of constructing tunnel.

Bay shore road—Survey completed from South San Francisco city limits to county line. Total mileage 4; maximum grade 5 per cent; total cost of survey, $173.50 or $43.35 per mile. Line platted and portion of estimate made.

Redwood City to San Gregorio—Survey completed from East Greenwood to foot of prpsed new grade over mountain to La Honda, a distance of four miles, at a cost of $111.

Menlo Park to Portola—Survey completed from Santa Cruz avenue to Portola, a distance of 7 miles. Cost data not complete.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

WE WANT THE
MISSOURIANS
AT OUR
BOOSTER MEETINGS
ARE YOU ONE?

A PLEA FOR HARMONY.

Redwood City today stands at the turning point of its history. Opportunities for development are offering themselves on every side. All that is required to assure an abundance of substantial progress in the immediate future is a united and harmonious endeavor. But if we are to reap the full benefit of the opportunities now knocking at our doors, there should be absolute harmony of action, not only in private enterprise but in public conduct. Those who are to have charge of our public affairs should feel that they have the united support of the entire community.

It was a recognition of this condition which prompted the holding of the recent mass convention, intended for the selection of men who might be placed in charge of the legislaive affairs of the city free from the menace of civic strife. Both in the calling of the convention and in the conduct of its business every effort was made to lay aside past civic differences and secure grounds for absolute harmony of action.

That the meetings were expressive of the general sentiment of the community cannot be questioned. Representafives of every element of its people were in attendance, and every opportunity was afforded for free discussion, both of men and measures. Thus constituted, there seems no reason why its actions should not receive the hearty support of the community, why the much desired harmony should not prevail.

With the nominees presented no reasonable citizen can find fault. All are men of well known probity of character and seemingly imbued with the prevading spirit of progress. While neither Mr. Hahir nor Mr. Deleau have been tried in public positions, the success achieved by them in their spheres of private life give every assurance that they will make both competent and reliable officials. Without question the past efforts of Mr. Merrill in behalf of the welfare of the city fully merit the endorsement of the community.

In the interest of that harmony which is so essential, we had hoped that the nominees of the convention would be accorded unanimous endorsement, and cannot refrain from expressing regret that an effort at opposition has developed Mr. Christ and Mr. Jamieson are good men, each worthy of the confidence of the people among whom they have resided for many years, and under different circumstances might reasonably claim the support of the community in their ambitions. While we recognize the right of every citizen to announce a desire for public preferment, we connot but at this time regard their candidacy as ill advised.

REMINISCENCES OF OUR PIONEER DAYS

At a meeting of the Board of Supervisors held June 5th, 1889, District Attorney George H. Buck was granted a leave of absence for 60 days, with permission to leave the State. The permit was granted in order that Mr. Buck might visit his old home in Portland, Maine, and spend a short time with his aged parents.

At its regular meeting on the evening of June 19th, 1889, Redwood Parlor, Native Sons of the Golden West, elected the following officers: W. J. Plump, president; J. Mezes, first vice president; F. W. Glennan, second vice president; T. G. Thompson, third vice president; A. D. Walsh, recording secretary; J. F. Johnston, financial secretary; H. W. Schaberg, treasurer; Frank Peckhart, marchal; L. J. Frank, W. P. McEvoy and W. W. Beeson, trustees.

After enjoying for several months the convenience of electric lights on its public streets, Redwood Cit was forced to return to the inconvenience of darkened thoroughfares on the 29th of June. With the failure of the Central Pacific Mill Company, to whom the franchise for the lighting had been granted, the machinery of the concern had been sold and the place dismantled, thus preventing the further operation of the lighting plant. In anticipation of this the undesirable event an attempt had been made by several public spirited citizens headed by P. P. Chamberlain, to organize a stock company with local capital to take over the enterprise but up to this time the move had not met with sufficient support and the lights had to be abandoned.

HER WAY.

The money that a woman spends
Is never for the bonnet,
But always for the fancy things
The milliner puts on it.

HIS WAY.

It isn't in words of endearment
Man shows the depth of his love;
For words are weak, but actions speak
And a deeper meaning prove.
It isn't in deeds romantic,
Nor passion's alluring tone;
But he loves, indeed, who provides for the need
Of his dear ones when he is gone.

OUR WAY.

We offer to furnish you a good home of your own selection, allow you ten years in which to pay for it and one which you can pass along to your family, monthly payments being little more than the rent you would have to pay a landlord. if you have some money but not enough we will furnish the balance. Dante's Inferno at the Bell.

Next Tuesday evening, March 12th, will be an occasion of extra special attraction at the Bell Theater. For this one night only manager Nathhorst has secured the magnificent five-reel vitagraph production Dante's "Inferno." When the idea of reproducing this noble work was first suggested it met with a storm of objections, chief of which was the expense and difficulty of securing suitable actors and accessories. When the five reels were at last completed a private exhibition was given before the King of Italy, a great admirer of Dante, who praised the production in most enthusiastic terms. An idea of the magnificense of these may be gained when it is stated that it required over a year to complete the production and a sum in excess of $100,000 was spent in settings up and actors alone. Because of the extraordinary expense attending this exhibition, the price of admission will be 25 cents for adults and 15 cents for children.

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No charge can be made by the Assessor after he turnes over his books to the Boasd of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.

PIONEER WOODSIDE SETTLER CROSSES THE GREAT DIVIDE

George D. Greeley, County Pioneer, Answers Death's Summons.

George Douglas Greeley, the well-known resident of Woodside, died at the Huling sanitarium Tuesday evening from an intestinal disorder from which he had suffered for the past six months. The deceased was one of the best known men in this section of the county. He was born in Glaesburg, Illinois 53 years ago. After graduating from the grammar school of his native city he entered Knox College and was in his junior year when he left for California with his brother Edward and located at Woodside where he has resided continuously, ever since.

Mr. Greeley was a consistend Democrat, attending every Democratic County convention for the past thirty years. He was a man of the highest ideals and charitable to a marked degree. Though not a member of the Congregational church of Woodside he was liberal in the support of it, taking a prominent part in all the social affairs of the church. Mr. Greeley was the census marshal of the Third township at the Federal census of 1910. In 1905 he was elected a trustee of Sequoia Union High School and held the position up to the time of his death. He took a deep interest in the affairs of the school, always being first at the meetings of the board and ever ready to assist the faculty and give the scholars the benefit of his mature judgment and experience. In his death the school has suffered a severe loss and the community loses a valued citizen. The deceased leaves one brother, Edward, residing at Woodside and another living in Illinois. The funeral will take pace from the Congregational church at Woodside tomorrow morning, services beginning at 9 o'clock and from there the remains will be placed on the 12:14 o'clock train for Cypress-Lawn Cemetery where the body will be placed in a vault until it is decided whether or not the remains will be shipped east.

OFFICERS SELECTED EOR BOND ELECTION

Council Names Men Who Will Supervise Voting at the Special Election

All of the trustees were present at the meeting of the city council last Monday evening, the time of which was chiefly devoted to the consideration of subjects connected with the coming special and regular elections.

The question of submitting to the voters of the city a proposition to make the office of trustee a salaried one was brought to the attention of the council by the presentation of a resolution prepared by George W. Lovie and sanctioned by the nominating committee of the recent mass convention, calling for the placing on the official ballot of the general municipal election a proposition to fix the salary of trustees at $10 per month. In reply to a suggestion from Chairman Merrill that the mass convention had gone on record as favoring the submission of alternatives propositions, City Attorney Mansfield informing the council that such action was not sanctioned by law, the requirement being that a definite proposal be submitted This lead to some discussion as to the proper amount to be named during which R. F. Chilcott again urged that the sum named should be $25, which he considered none too much. After many suggestions had been made, Trustee Hynding moved the adoption of the resolution as prepared by Mr. Lovie. In putting the question, Chairman Merrill asked to be excused from voting, he being a candidate. Upon a call of the roll the resolution was adopted, all voting aye except Mr. Merrill.

A second resolution, prepared by Mr. Lovie, and also sanctioned by the committee of the mass convention, asked for the submission to the voters the adoption of an ordinance prohibiting the running at large of all dogs, whether licensed or not, precipitated a general discussion of the ever troublesome poundmaster question. While none of the trustees favored the submission of the question to a ballot, believing the regulation of the dog nuisance was entirely within the province of the council, it was not questioned that some drastic action was necessary not only to curb the nuisance of stray dogs but to prevent even more serious menace of stray stock. The difficulty, however seemed to be the inability to suggest a plan that promised to be possible of enforcement. It was generally admitted that but little could be accomplished until some suitable person could be induced to undertake the duties of poundmaster, and another effort is to be made to fill this office. Until this is done the services of Marshal Coleman are to be impressed for the relief of sufferers from stray stock. The marshal was directed to respond to all complaints made to the city hall and to place stock found astray in a livery sable where it will be kept at the expense of the owner until redeemed.

Through R. F. Chilcott, its secretary, the abstract of title Company submitted a proposition to furnish the city with weekly reports of transfers of real estate, as a basis for the keeping up of the block books of the city assessor. The proposition was referred to the finance committee, with instructions to confer with City Engineer Pioda who is preparing the books, and Mr. Chilcott.

A map of a subdivision of the Reese tract, designated as "Redwood Oaks," was presented by the Halfmoon Bay Realty Company and was laid over for consideration until the next meeting under the rule of the council. Some objections were made to the acceptance of the map, the chief one being the fact that it presented a conflict of designations.

Street Superintendent Dickey reported that he had found a renewal of the old nuisance of dumping refuse in the waterways and upon vacant lots. The complaint was referred to Marshal Coleman in the hope that the violaters might be detected and punished.

Ordinance No. 111, the ordinance providing for the special bond election, was given its final reading and adoption by a unanimous vote. As already announced the ordinance fixes the date of the special election for Friday, April 5th. The officers for election named in the ordinance are as follows:

Precinct No. I. Inspectors, Chase Littlejohn and John Curran; judges, George West and C. Groner; clerks, William Lutje and Charles Barton; ballot clerks, Frank Fitzpatrick and Carl Mabie.

Allen and Fingall in an attempt to save themselves overturned the boat occupied by the boys and the two little fellows had a close escape from death. When the boat went over the gunwale,struck allen on the head and he sank at once. The boys summoned C. B. Britten, C. Smith, J. Carey, Owen Baker and G. S. Geitz, five Stanford students, members of the Stanford boat crew who were practcing nearby and they dragged Fingall from the creek and worked an hour to revive him, but without success. Allen's body was found this morning and removed to the morgue. Allen is a gardener well known in this neighborhood. He had been on a spree with his companions and when they started out in the boat they were all well supplied with liquor. It is thought that they were quarreling when the boat capsized. The Jap is in jail awaiting an investigation.
